We have had numerous amounts of calls from residents looking for information on where to buy the inserts for the garage doors in the community. The Board of Directors has found a couple of sources to purchase the inserts and the contact information is below.

They will need to know the door brand and model of the garage door because each manufacture constructs them a bit differently, even within their own models. You also need to know the size of the small square window.

The Board is working hard to make sure that Danbury Mill is a community that we can all be proud of. Thank you in advance for your cooperation in this matter.
